EasyPalletStation

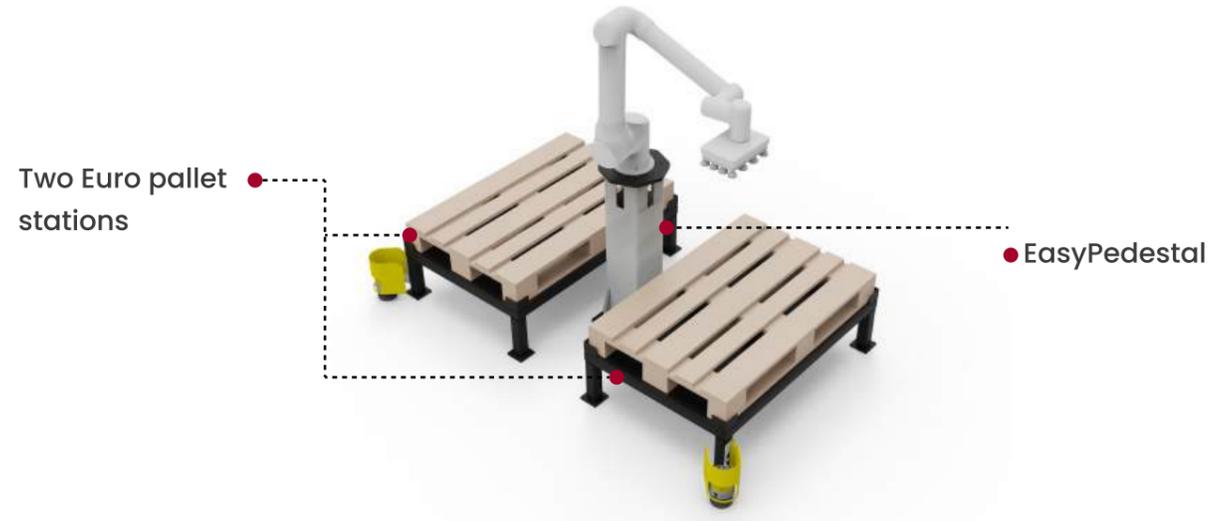

Efficient Dual Pallet Setup for Cobots and Industrial Robots

Introduction

The EasyPalletStation is a complete palletizing setup designed to optimize your end-of-line automation.

This system includes two Euro pallet stations and an EasyPedestal, making it ideal for use with both collaborative robots (cobots) and industrial robots.

With its robust steel construction and ergonomic design, the EasyPalletStation ensures smooth and reliable pallet handling – whether you're working with light packaging or heavier production loads.

- **Dual pallet configuration**

Enables continuous palletizing for maximum uptime

- **Multi-Brand Compatibility**

Compatible with all major cobot and robot brands

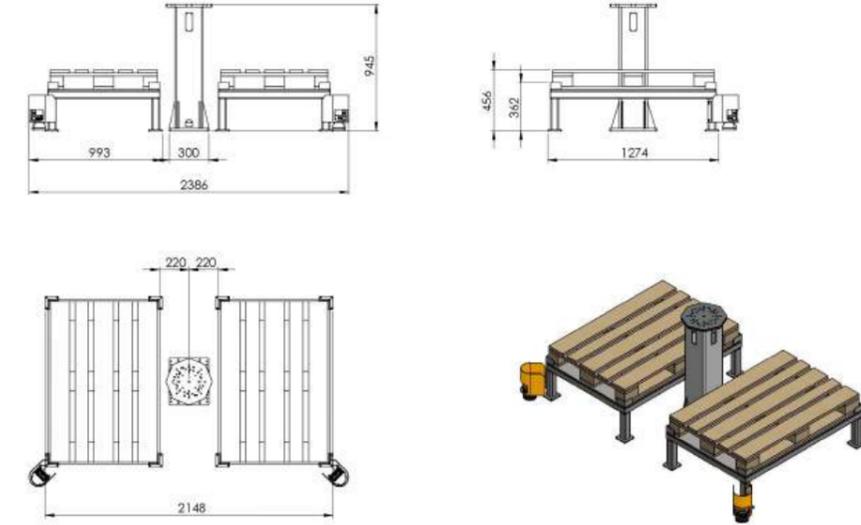

- **Modular and easy to integrate**
plug & play installation

- **Optional safety add-ons**
cover and dual laser scanners for enhanced protection

Boost your productivity with a flexible and space-efficient palletizing solution from EasyRobotics – engineered for precision, performance, and simplicity

EPS-1000 Easy PalletStation for Euro Pallets 2 pcs. HS code: 8479.50.00 | SC-1000 Scanner cover, HS code: 8479.50.00 (optional)
