EasyDesk Alu

Convenient and universal solution for large series productions.

Good for:

- Cutting
- Finishing and Polishing
- Deburring
- Grinding
- Quality Control

Easydesk Alu from EasyRobotics is a spacious robot cell, prepared for use in numerous applications in large series productions.

The wide tabletop 1200x800mm is made of 40mm aluminum profile, which supports work with up to 300 kg. and provides versatility of use.

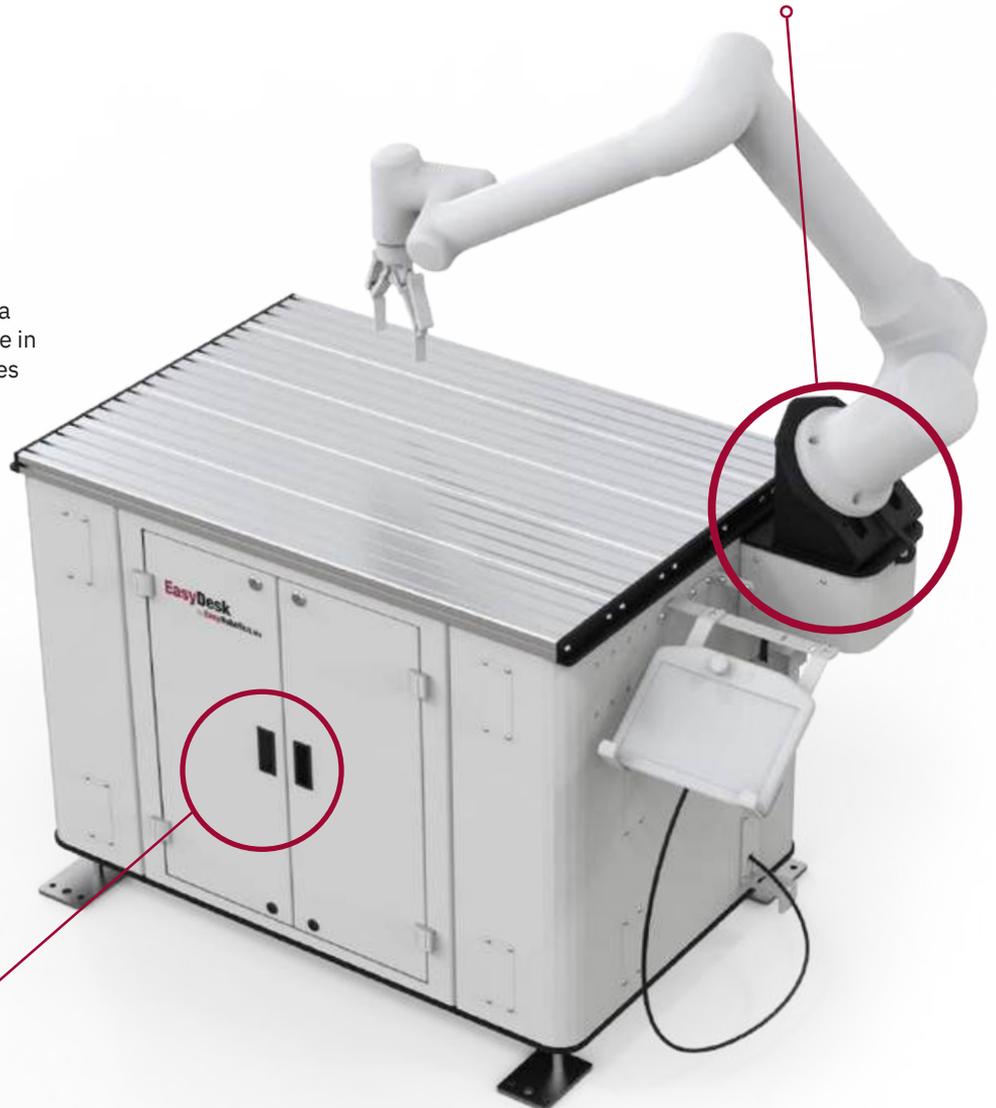

Despite its size, Easydesk is highly mobile - it can be easily moved at any time using a pallet lifter.

Pull-out controller mount

- Controller compartment is equipped with easy access pull-out tray.

Cobot attachment at 45°

- Cobot console mounted at a 45° angle to ensure 100% reach across the entire tabletop.

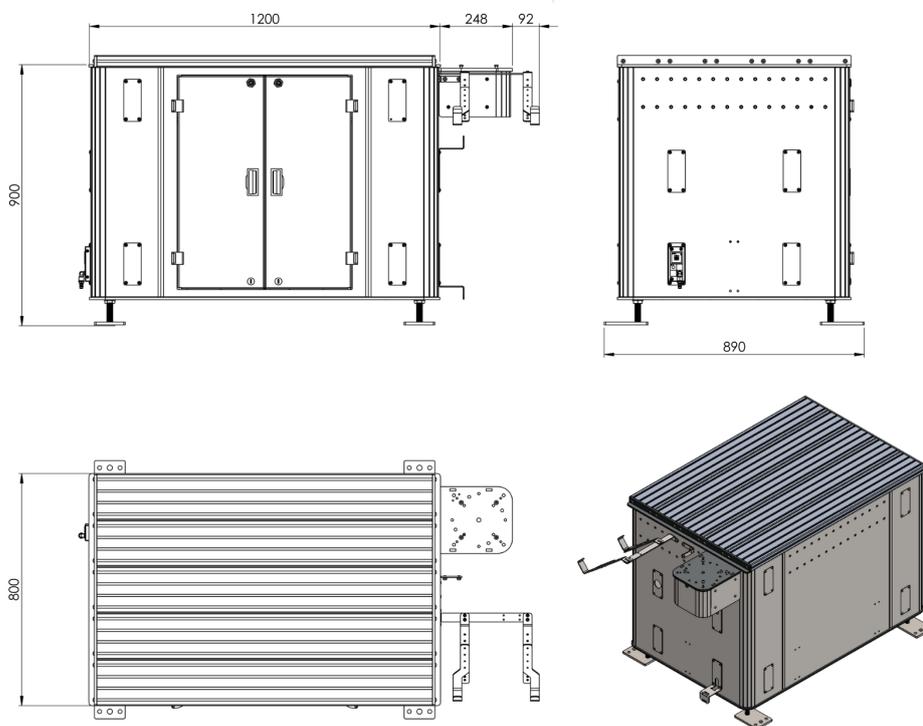

2

EasyDesk Alu

Spacious table for mounting of all types of clamping equipment or parts for processing

EasyDesk robot-cells can be used in countless industries, among which:

- Metal and Machining
- Plastic and Polymers
- Automotive
- Pharma
- Electronics
- Chemical
