

EasyDesk Tray

EasyRobotics[®]
- we move your parts

EasyDesk Tray

from stainless steel, containing 96 spots for parts accommodation.

Customizable tabletop parts-tray

- You can choose standard 94x Ø0-70 parts-tray or customize it for your requirements.

Good investment

- The typical return on investment is less than 1 year.

Universal solution

- Increased capacity makes it the perfect solution for CNC machine tending.
- Universal 2 mm parts-tray with 94 spots.

Increased efficiency

- Automated supply of the CNC machine ensures consistent high quality. The required man-hours for operation can be reduced from 8 hours to less than 1 hour.

It can also be used for the following applications:

- Machine tending
- Polishing
- Welding
- Bin Picking
- Assembly
- Measureme

Suitable for 99% of modern cobots

- EasyRobotics products are tested and compatible with 99% of modern collaborative robots.

Re attachable mount plate

- The place of attachment of the cobot's mount plate can be changed along the entire length of 3 working sides.

It can also be used for the following applications:

- Machine tending
- Polishing
- Welding
- Bin Picking
- Assembly
- Measureme

Re attachable mount plate

- The place of attachment of the cobot's mount plate can be changed along the entire length of 3 working sides.

Mutually compatible products

- All products produced by EasyRobotics are mutually compatible and aimed at automating production processes. EasyDesk Tray can be combined with Profeeder Compact or Profeeder R to maximize productivity.

Plug and produce

- The product is delivered 90% assembled. All you need is to mount the cobot, install the controller and start producing.

FACTS

Enables unmanned night shifts.
When the work is done - cobot goes into standby mode.

Product Overview

ED-1000-T

EasyDesk Tray

H: 902 mm, W: 890 mm, L: 1550 mm, Wt: 330 kg, T-Pad bracket, Compartment for controller, 45° angle for robot, DT-1000-04 included

Danish manufacturer and supplier of robotic cells for all types of automation.
